

DAVID DUARTE

SOFTWARE ENGINEER

PROFILE

My name is David Duarte, Software Engineer and Fullstack Developer with more than 4 years of experience in the field of web application development. My goal is to create efficient and scalable solutions that meet customer requirements while providing an exceptional user experience. Throughout my professional career, I have worked on a wide variety of projects and have acquired solid skills in different areas that allow me to collaborate effectively in development teams. If you are looking for a committed, passionate professional with a broad perspective in Fullstack development, I will be happy to be part of your team and contribute to the success of your projects.
